Supporting Freshwater Recorders and Schemes

The Freshwater Biological Association (FBA) is running a project to provide support for freshwater recorders and schemes

Are you a recorder? Do you work alone, as part of a scheme, or need some help getting started? Identification, promotion, recruitment, data management, fundraising and IT training have been identified by recorders as possible areas where support is required

If you feel we can help with these or other recording matters please contact Simon Pawley (spawley@freshwaterlife.org) and Dr Melanie Fletcher (mfletcher@fba.org.uk)
